Opportunity

Based in the heart of Halifax, Croft Myl's resides in a striking old textile mill, steeped in Yorkshire textile traditions.

Renovated in 2015, Croft Myl has been redesigned to present a brand-new approach to shared business space, providing meeting rooms, conference facilities, CoWorking spaces and offices under one roof in a calm, light, open plan environment.

Croft Myl required new furniture to fit out their reception, break out areas and offices to reflect their fresh thinking approach towards a collaborative shared working space.

Solution

Connection products were used to create purposeful areas within the offices and breakout areas. Bold bright furniture pieces were specified to create a functional and vibrant scheme, designed to complement the Croft Myl branding and business ethos.

A Tryst console sofa and high back Mae chairs were specified in an eye-catching blue palette to create a welcoming reception area with meeting capabilities.

Dixi high backs were specified for break out areas within corridors and reception areas to provide partial privacy seating.

Additional Dixi chairs with striking cage bases were used in walkways to create impromptu breakout areas, covered in deep purple fabric to create an energised pop of colour.

Centro tables were specific to allow formal meetings and touchdown spots for the rented business offices.

Croft Myl are continuing to develop their top floor and roof terrace and we cannot wait to see the finished product!

“ When we purchased Croft Myl we wanted to create a vibrant, different and usable business space with nothing around like it. Pulling together the old mill style building with eclectic styling, meant we were on the hunt for something unique. When we came across Connection we knew their furniture was the furniture for us. They were locally sourced, on-trend and fantastic quality ”

“

Their new products continue to inspire me, and I am always looking for some area in our building to put their beautiful products. I will continue to purchase Connection's furniture for many years to come.
