Tangle Teezer, London Case Study

Opportunity

Tangle Teezer's brand new offices located inside the iconic Brixton Academy building occupy a 7,260 sq ft space arranged over two floors. The goal was to deliver an inspiring creative space for the Tangle Teezer staff that is practical but reflects the young, contemporary, proudly British brand and culture of the business.

Solution

Bright colours and geometric patterns create a modern and upbeat London themed scheme. Connection furniture is used throughout to create a variety of inviting open plan areas for workstations, informal meeting places, a kitchen dining zone and a mock salon for demonstrations.
