CSR
POLICY

“In all our core business operations, our aim is to ensure we act ethically and responsibly by adopting best practice within our CSR Policy and this is embedded into all our practices to the benefit of all our stakeholders. We consider these stakeholders to be our employees, shareholders, customers, suppliers and the communities within which we operate.”

We are committed to the following core values:

- To address the needs and aspirations of our employees, whilst considering their health, safety and promoting a good work/life balance.
- To minimise the environmental impact of our operations and enhance the sustainability of our products.
- To adopt a good relations strategy with our customers and strive to achieve agreed standards of safety and quality.
- To ensure we are honest and fair in all our dealings with our suppliers and aim to procure all our goods and services in an ethical manner.
- To support our communities by being sensitive to their needs, responsible in our operations and through the adoption of charitable causes.

“We consider the impact upon the environment throughout all of our processes, from the initial design of the product, through its manufacture and delivery, right up to disposal when it has reached the end of its useful life.”

Sustainability

We calculate and hold data on all our products, detailing use of recycled content and recyclability. This information is compliant with the SKA rating criteria.

We encourage our supply chain to gain certification to our complementary credentials such as FSC® and PEFC™, to help ensure that the Chain of Custody path of timber purchased, remains unbroken and that wood products originate from a responsible and sustainable forest.

FSC® license holder number FSC-C023339.
PEFC™ license holder number PEFC/16-37-403.
Please enquire which products can be offered as certified.

We hold both the ISO 9001 Quality Management and ISO 14001 Environmental Management systems standards.

WE SUPPORT PLANTING TREES with Ecologi.com

It is now common knowledge that one of the best tools to tackle the climate crisis and keep our temperatures from rising above 1.5C is to plant trees. They are also crucial to preventing ecological collapse.

We work with Ecologi who plant millions of trees around the world each month. They are currently supporting their incredible work in Madagascar. To date Connection have planted 1,500 trees and counting...
