

Trent College

Project

Trent College

Project

Opportunity

Trent College required a refurbished Sixth Form Centre with a fun, vibrant yet practical and hard-wearing space for sixth form students to use for a combination of private study, collaborative working and meetings.

The deadline was extremely tight as the refurbishment needed to take place during the summer holidays and was due to be completed one week before the students started back in September.

space that works

Leo sofa, Dixi coffee table & Cubix stool

Trent College

Project

Solution

Luiza da Silva, of Butler & Willow, worked with the architect's overall colour scheme to design a high quality, exciting place for both students and staff to be in.

Flexible multi-purpose learning spaces use **Tryst** low back booths with integral tables to provide bright and comfortable zones to meet, study or take a break, together with a selection of sizes of **Centro** collaboration tables.

Trent College

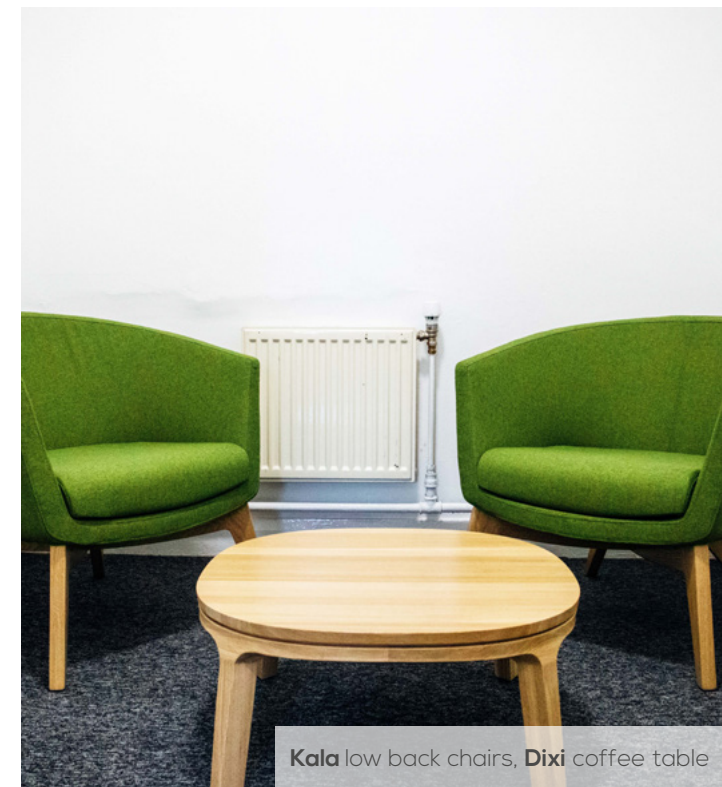

Project

Solution

Leo sofas and **Kala** low back chairs were used to create inviting informal meeting and relaxation areas accompanied by **Dixi** oak coffee tables and **Cubix** stools.
